**DONALDS LEADS COLLEAGUES IN ADVOCATING FOR HISTORIC AMERICAN NUCLEAR ENERGY PROJECT**  
Washington, January 25, 2024

WASHINGTON - Yesterday, Congressman Byron Donalds (R-FL) sent a letter to the White House Office of Legislative Affairs, seeking to expedite the historic revitalization of Palisades Nuclear Power Plant with safe, reliable, and efficient nuclear energy technology.

This project, would mark the first time in American history that a closed nuclear plant is brought back to life. Representatives Troy Nehls (R-TX), John Rose (R-TN), and Randy Weber (R-TX) each joined Donalds as co-signers of this letter in support of advancing the usage of nuclear technology across the United States.
